

REMARKS

The application has been amended to place the application in condition for allowance at the time of the next Official Action.

A new title is added that includes the bottle and the case to address the objection to the title noted in the Official Action.

In the specification, the heading "We claim" is changed to "I claim" to reflect that there is a single inventor.

A substitute Abstract of the Disclosure is provided on an accompanying separate sheet removing the legal phraseology "means" from the Abstract.

Claims 1-4 are pending in the application. Applicant notes with appreciation the indication that claims 2 and 4 are allowable. In reliance thereon, claim 1 is amended to include the allowable subject matter of claim 2 and claim 4 is rewritten in independent form.

Claim 1 as amended to include the subject matter of claim 2 uses the phrase "the internal passage" to replace "the inner passage" to address the 35 USC §112, second paragraph rejection noted in the Official Action.

The rejection of claims 1 and 3 over DINAND FR 2402592 in view of FRIEDMAN 1,887,298 and MONAHAN et al. 5,094,363 is believed moot based on the amendment to claim 1.

Since the pending claims include subject matter indicated as allowable and since all formal matters are believed addressed, the application is believed in condition for allowance. An early notification of allowance is respectfully requested.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
